ManSEA
MANITOBA SUSTAINABLE ENERGY ASSOCIATION

Press Release
Manitoba Sustainable Energy Association (ManSEA)

The **Manitoba Sustainable Energy Association (ManSEA)** is a relatively new organization that was formed in 2005 to represent the interests of landowners/farmers, municipalities, companies investing in renewable energy production, and individuals in policy development efforts designed to expand renewable and sustainable energy production in the province.

The mission of ManSEA is to promote the use and production of renewable, sustainable, environmentally friendly energy sources within Manitoba."

The Manitoba Sustainable Energy Association with the support of the Covering New Ground program of Manitoba Agriculture Food and Rural Initiatives (MAFRI) and local partners is pleased to provide a series of workshops on the topic of:

Alternative Energy Options for Farm and Communities

By attending one of these workshops participants will have an opportunity to learn about renewable energy including such topics as:

- Small, community based **wind energy** projects;
- Energy from **biomass** (wood chips and pellets, straw pellets and other biomass sources);
- **Biodiesel** opportunities (community and on-farm)
- **Geothermal**
- ManSEA (who are they and what do they do)?
- What are the "**next steps**" to "**make it happen**"?

Interested in learning more!! Attend one of the following workshops:

The Pas Wescana Inn **Oct 31, 2007** 7:30 am – 12:30 pm
Registration: $10.00 (breakfast included)
For further information and to register contact: MAFRI 204-627-8255

Swan River War Veterans Community Hall **November 1, 2007** 7:30 am – 12:30 pm
Registration: $10.00 (breakfast included)
For further information and to register contact: MAFRI 204-734-3417

For program information about specific workshops contact the above numbers or:
Carl Cunningham (204) 571-6177
Wayne Digby (204) 727-1394
